Spring

In honor of March being Youth Arts Month, the Museum of the White Mountains has invited art educators from SAU 48 to show student work for the entire month of March. From Plymouth Elementary School, Ms. Eynon will be showing an integrated mural project that took place this year with the 4th grade team and our media specialist, Beth Wilkie. The students focused on geology, rites of passage, making connections, NH history, writing, and research along with ancient cave art in order to create a mural that represents the big moments in the history of the state of New Hampshire. In addition to showing the mural, examples of student research and teacher statements will be on display at the PSU Silver Center. Viewing the work is free and open to the public during the month of March. Check it out!
