**A message from Assistant Superintendent Kyla Welch**

We are letting you know that Governor Sununu has put a stay at home order in place that will take effect tomorrow night at 11:59pm.

What this means for our schools is that we will remain in our remote learning environments until a minimum of May 4th unless otherwise notified by the Governor.

Thank you for your patience. We appreciate all the help that you have given us. We know how stressful it can be in a time of uncertainty.
